ROOF PARTNERS®

COMMERCIAL ROOFING

We Roof Medical Facilities.

Roof Partners is a professional, quality, and service-driven commercial roofing company based in Metro-Atlanta and serving the Southeastern United States. We have the capacity for large and small projects and are the BEST in service!

Just A Few Customer Testimonials

Amy Mesteller, Property Manager, Health Care REIT, Inc.

I want to say what a great job you all did and would be more than happy to be a reference for future Roof Partner clients. You all were fabulous with communication with daily emails, and we knew what was happening at all stages of the project. Your crew was polite, professional and adhered to the building rules and management's expectations. I was pleasantly surprised at how seamless it went. It was a pleasure working with you and I hope to send more business your way!

Stacy Walker, Senior Director Real Estate Management & Operations, WellTower

I have been working with Elaine Bare and Roof Partners, LLC for 16 years. They have completed approximately fifteen full roof replacements for me during this time on industrial, office and medical buildings in both Florida and Georgia. The associates and technicians fully understand the importance of servicing our tenants, staying within budget and quality work. In addition, they have also provided (and continue to provide) maintenance on existing roofs and respond to service calls.

The technicians are knowledgeable and service driven. The leadership team is honest and responsive. Everyone within the organization has always gone above and beyond to handle any issues that arise. Additionally, I have referred Elaine and her team to many colleagues in the industry who continue to use Roof Partners as the single source for roofing needs.

It is without hesitation that I recommend Roof Partners for your commercial roofing needs.
