### Just A Few Customer Testimonials

**Shelia G. Wood, Facilities Management Operations Manager  
Life University**

For a little over 2 years, I have utilized Roof Partners for our roofing needs. From large capital projects, to small, everyday roof leaks and other needs. You couldn't ask for quicker service! Emergencies are treated with the high priority they require and every day needs are given the best possible response times. We rarely wait longer than 24 hours for service. They are reliable, competitively priced, consistently on the ball. Michael Bare has been a Godsend as far as organizing and sticking to the schedule commitments. Elaine is wonderful if you ever have an issue, she's right there to sort it out. The sales staff are knowledgeable and technicians professional and friendly. I would feel quite comfortable recommending their company and services to anyone.

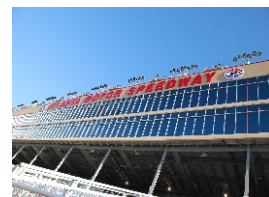

**Sharon Kridel, CPM, Senior Property Manager, Stream Realty**

I have been a commercial property manager for more than 25 years. For more than 16 of those years, Roof Partners has performed annual roof inspections, preventative maintenance and roof repairs to my commercial properties. My prior employers were Trammell Crow, CBRE, Lincoln Property Company and ING Real Estate, prior to joining Stream in February of 2014.

My portfolio has consisted of everything from Class "A" high-rise office buildings to industrial, retail, and medical office. Roof Partners has had full understanding of how to properly maintain my owner's asset with all types of roofs.

When I contact Roof Partners to request service, I receive a confirmation, advising they have received my request. I next receive contact to advise when the work has been scheduled. If the scheduling changes for some reason, I am always contacted with an update, so that I can, in turn, notify my valuable customers of when relief is coming. Invoicing is timely, which is important to us, and we receive detailed reports with photographs, advising of the problem area and what action has been taken to resolve the problem.

I highly recommend Roof Partners to anyone who requires new roof installation, consulting, or roof maintenance.
