ROOF PARTNERS®

COMMERCIAL ROOFING

We Roof Class A Office Buildings.

Roof Partners is a professional, quality, and service-driven commercial roofing company based in Metro-Atlanta and serving the Southeastern United States. We have the capacity for large and small projects and are the BEST in service!

Just A Few Customer Testimonials

Greg Bellina, Senior Real Estate Manager, CBRE - Asset Services

For the past 15 years or so, I have worked with Elaine Bare for all of my roofing needs. Roof Partners takes care of any of the roofing needs our buildings may have. They have been responsive, professional and a true delight to work with. Their workmanship and roofing expertise is of the highest quality. What also sets them apart is their pricing approach. When you get a quote for work, you can expect that expense to be true when you receive the invoice. Even when unforeseen issues may occur, which they sometimes do, Roof Partners will handle that unknown without an upcharge if it is a simple repair. Working with a company that you can trust to be fair, competitive and very responsive is invaluable to any building manager and Roof Partners exemplifies all of that!

Lynn J. Thomay, CPM, Senior Property Manager, Avison Young

I manage a varied portfolio that includes office, industrial, retail and mixed use properties. In some instances, I've inherited other roofers and always like to give them a chance to show me what they can do and how they operate, but find I always come back to calling Roof Partners.

In addition to their reliability to show up when they say they will be there, they have always fixed the roof problem the first time. It is their knowledge and expertise that allows them to make solid recommendations that benefit the owner and not their pockets. Their detailed understanding of the different types of roof structures and products is what they impart to management and ownership so that decisions can be made with confidence. This is an invaluable commodity. Not only are their prices reasonable, but even routine preventive maintenance inspections and in some cases investigative inspections on properties to be acquired are performed at a more than reasonable cost and in some case done gratuitously.

In particular, what sets Roof Partners apart from the rest is their follow-through. Property management and the tenant are contacted to let us know when they will have their crew on-site. If applicable, they will email a follow-up once the work is performed as well as sending timely invoices accompanied by photos and explanations for what was discovered and repaired. This makes my job so much easier.

In closing, I can highly recommend Roof Partners as one of my most valuable and dependable contractors.

And that's not all. What can we do for you?
